General Data Protection Regulations – important information for our parent body and staff

Dear Parents/Guardians

On 25 May 2018, the General Data Protection Regulations (GDPR) replaced current data protection laws in the European Union.

Scoil Fhursa takes the privacy and the protection of our members and employee's personal data seriously. GDPR gives individuals greater control over their personal data and imposes significantly increased obligations on organisations that collect this data. In light of these important changes, we are updating our privacy policies and procedures.

What does GDPR mean for you?
Under GDPR, you have the significantly strengthened rights to:

- access details about how your personal data is processed;
- access the personal data held on you;
- have incorrect or incomplete personal data corrected;
- object to the processing of your personal data in certain circumstances, including in relation to direct marketing/emails;
- restrict the processing of your personal data;
- have your personal data erased where an organisation has no legitimate reason to retain your data; and
- personal data portability.

What do you need to do?
Please take the time to visit our website at www.scoilfhursa.net , select 'privacy policy' at the bottom of the home screen, and read our Privacy Policy carefully to learn how we collect, use and safeguard your personal data.
